SHAREIT QUARTERLY UPDATE

Q3 - 2021-22

Q3 (October 1 – December 31st, 2022)

ShareIT marks a strong third quarter with our third highest spend to date, $4,548,333. We would also like to give a warm welcome to the newest ShareIT member, the University of Calgary. We can now proudly say ShareIT is subscribed to province-wide among higher education. Thank you to all of our members for achieving yet another milestone with us! You can view our updated website, as well as the up to date ShareIT Member list here.

Updates from Shared Procurement

ShareIT Master Agreements

Telephony

Netagen, formerly known as Combat Networks, has released updated and lowered SIP trunking rates for 2022. You can view them on the ShareIT Wiki here.

Cloud Services Providers

AWS
2 year extension – new term date ending February 19, 2024
View the Master Agreement

Azure
ShareIT has two agreements in place with Microsoft Canada.
- The Server Cloud Enrollment (SCE) agreement will be renewed for 2 years. New term end: May 21st 2024.
- The Campus and School agreement (CASA) – Azure only, has also been renewed for 2 years New term end: May 31st 2023.

View the agreements.

- For easy step by step instructions on how to leverage the EES please see our document here.
- A comprehensive guide on Microsoft Solution Assessments and Cloud Migration Programs can be found here.

End User Computing

Both WBM and Microserve are preparing product line refresh sessions in March. These sessions will be focused on covering new product lines that fall under the ShareIT agreement. Invitations/Zoom link to be sent.

WBM: March 1st, 11am   **Microserve: March 15th, 11am**

Current Procurements in Flight

Virtual Desktop Infrastructure

VDI

The working group is currently evaluating the second round of pricing submissions. Estimated contracting date is currently the end of March 2022.

Networking Hardware v2

The Master Agreements for HPE Aruba and Juniper are set to expire March 3rd and April 4th, respectively. A new shared procurement project is in flight and the working group expects a new contract(s) to be awarded mid-May 2022.

End User Computing Hardware v2

This project has 27 Participating Members and the working group is in the process of building requirements. Posting on APC is expected in April 2022.

ShareIT K-12 Pilot

An Oversight Committee with a representation of 15 IT Leaders from the ShareIT K-12 membership was appointed in late 2021. They will be working with Cybera to provide strategic direction on the shared procurement pilot which will be kicking off shortly. There are 37 K-12 school divisions in the ShareIT membership community. Look forward to further communications regarding the pilot.

ShareIT Opp ID Survey - Building the 2022/2023 Roadmap

In the interest of building the procurement roadmap for the community, please complete the Opportunity Identification Survey. Your voice is important to us!

Upcoming Info Sessions

Chatbots: A University of Alberta and University of Calgary Perspective

February 16, 10:00 - 11:15AM | FREE

Ivy.ai
From streamlining the exchange of information via integrations with ServiceNow and PeopleSoft, to leveraging AI data to pre-empt questions before they occur, this session will examine current and future initiatives that deliver enhanced services as efficiently as possible.

Please complete the following form to register for this webinar. If you have any questions, please contact shareit@cybera.ca.

Enterprise Service Management (ESM) & Department Collaboration

February 24, 10:00 - 11:00am | FREE

TopDesk
Departments like IT, Facilities and HR offer internal services that support colleagues in their daily tasks. But, all of these departments have processes of their own. So, what is Enterprise Service Management and how can it help in creating a collaborative approach across multiple departments? Join TOPdesk as we deep dive into amplifying your team's efficiency.
